## MISCELLANEOUS.

HEALTH DEPENDS UPON PURE BLOOD. Thin and acrid blood cannot secrete healthy bile, and therefore the first thing for those who are dyspeptic should be to commence the purification of their blood. BRANDRETH'S PILLS, Not only purify, but they make the blood richer, and

MILD OPERATION WITH SUCCESSFUL EFFECT ARE THE PECULIARITY OF BRANDRETH'S PILLS. NOW that we may soon expect genial Spring, it is of great importance that a few doses be used by the wise. Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use, we prevent the collection of those impurities, which, when in sufficient quantities, cause so much danger to the fine organs of the stomach and bowels. They soon cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart-burn, pain in the breast-bone, sudden faintness and costiveness. In brief, Brandreth's Pills work their way to the very roots of the disease, cleansing in their passage, removing every unhealthy accumulation, till the blood is purified, the whole system renovated, and the functions and duties of life become a pleasure where before they had been sad and weary burdens. We have thousands of similar testimonials to the folowing, and such evidence can be had from living witnesses all around us on every side. It is from a gentleman of high respectability, whose letter can be seen

CHOICE FARM LANDS FOR SALE THE ILLINOIS CENTRAL R. R. CO. IS NOW PREPARED TO SELL ABOUT

1,500,000 ACRES OF CHOICE FARMING LANDS,

On Long Credits and at Low Rates of Interest. THESE Lands were granted by the Government to aid in the construction of this Road, and are among the richest and the most fertile in the world.— They extend Northeast and Northwest, through the middle of the State, to the extreme South, and include every variety of climate and productions found between these parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the intalle and Southern section timber predominates, alternating with beautiful prairies and openlags. The climate is more healthy, mild and equable than any other part of the country—the air is pure and brusing, white living streams and springs of excellent water abound. Rituminous coal is extensively mined, and supplies cheap and desirable fuel, being furnished at many pints at \$2 to \$4 per ton—and wood can be had at the

ame rate per cord.

Building stone of excellent quality also abounds, which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gentling rolling—their configuity to this road, by which every facility is furnished for travel and transportation to the principal markets North, South, East, West and the economy with which they can be cultivated, renthe economy with which they can be cultivated, ren-der them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few years. Chicago is now the greatest grain market in the world—and the facility and economy with which the products of these lands can be transported to that market, make them more profitable, at the prices asked, than those more remote at government rates—as the additional cost of transportation is a perpetual tax on the latter, which must be borne by the producer, in the reduced price he receives for his grain, &c.

The title is perfect—and when the final payments are made, deeds are executed by the Trustees appointed by the State, and in whom the title is vested, to the purchasers, which convey to them absolute titles in fee simple, free and clear of every incumbrance, lien or

PUBLIC SALE. THE undersigned will sell at Rockport, Spencer county, Ind., on the 20th day of May next, 640 acres of land, lying in said county, five miles from the Ohio River, the Elizabeth and Centreville Roads trom Grandview passing by it, and the farm of Benjamin Lamer adjoining it. There is a small log house on the track, and a clearing of about 10 acres, the remainder is heavily timbered with Walnut, Oak, &c. It has a rare advantage of being watered by a small stream passing through it, and also 2 or 3 springs immediately on it.—
It will be sold together or divided to suit purchasers.
